JOSHUA 'NAKI' NEVES

ABOUT ME

I am a hardworking and passionate individual with a love for coding. Learning web development and all it entails is my primary goal. I plan on working as a front-end engineer, expanding my web development knowledge, and eventually becoming a project manager in the field. Since I gain enjoyment from logical and creative pursuits, I hope to foster a developmental environment that succeeds at both.

SKILLS

Coding:
HTML
CSS
JavaScript
React
GitHub

Design:
Web Layouts
Product Design
Photoshop
Illustrator
Krita

Languages:
English (Native – Home Language)
Portuguese (Secondary – Basics)

Miscellaneous:
Microsoft Office & Google Suite
Unity & C#

WORK EXPERIENCE

Team Lead FeedAi Quality Assurance | **Feedonomics** | August 2022 – Present
I have been filling the role as **teacher**, **instructor**, and **analyst**. I have helped to **improve accuracy** and **efficiency** by scanning projects for issues, discussing them with my manager and head engineer to form better **resolutions**, and effectively **communicating** new strategies & corrections to those I lead.

FeedAi Quality Assurance Specialist | **Feedonomics** | March 2021 – July 2022
As a novice to quality assurance and Google categorization, I quickly learned on the job. Through **hard work** I learned how the Google product categories functioned, prioritizing **analyzing information** for defects, and building a **good rapport** with my manager. This led to the company no longer needing 8 freelancers, **hiring** 2 QA specialists instead, and I ran their **technical interviews**.

EDUCATION

SmolJames.com Full-Stack Engineering Roadmap | August 2024 - Present
Practicing skills & knowledge about React, algorithms, data structures, APIs, etc. Learning **newer frameworks** like TailwindCSS and Qwik. Also, I am beginning **Back-End & Full-Stack technologies** such as Firebase, Node.js, and Express.js.

Codecademy | March 2023 – September 2023
Front-End Engineering Professional Certification. Technologies included HTML, CSS, JavaScript, Git & GitHub, Web Design, React, Redux, Build Tools, Data Structures, and Algorithms.

Various Graphic Design Studies | September 2021 – October 2022
Graphic Design Short Course Certificate, from University of Cape Town. 3 course certificates through Udemy, and a Graphic Design Training Program with Brainnest. I learned the fundamentals of photoshop, illustrator, typography, product design, and layouts.

University of Witwatersrand | January 2016 – December 2019
Bachelor of Arts Degree, majoring in Game Design, Digital Arts and Interactive Writing. Focused on **coding**, **group work**, **creativity**, and **project management.**

Woodlands International College | February 2013 – December 2014
Matriculation from high school with full exemption.

PERSONAL HOBBIES

Moderating Various Twitch Channels & Communities | March 2020 – Present
Streamers saw that I pay attention to **small details**, can handle **multiple tasks**, take a stand against bigots, and have good **time management**. I help with chat & Discord management and create visual & audio assets.

Creative Ventures
Gaming, acrylic & digital painting, reading, sewing, dancing, and singing.

Personal Growth Ventures
Walking/hiking, weightlifting, researching spirituality/mental health, & traveling.
